SUMMARY

Senior UI/UX & Product Design professional with 18+ years of experience across the full product lifecycle. Expert in translating user insights into scalable design systems & functional front-end code. Adept at leading teams & managing complex deliverables in fast-paced environments.

EXPERIENCE

User Experience Designer

S&P Global | October 2022 - Present | Dubai, UAE

- Research, analyse user requirements & redesigning the core components of Next-Gen of CIQPro desktop product & mobile app.
- Interface daily with product development team, acting as a customer advocate to maintain focus on the end-user in all aspects of product design.
- Work closely with team members on a daily basis & contribute to innovations in CIQPro desktop product & mobile app designs.
- Recognised by the management for ability to design a fresh outlook in Next-Gen of CIQPro desktop product.
- Designed, maintained, & expanded core components & design tokens for KOI, the company's proprietary design system.
- Designed 'ChatIQ,' an AI-driven conversational interface integrated directly into the CIQPro to enhance user data accessibility.

Principal UI/UX Engineer

Netsol Technologies | June 2021 - March 2022 | Lahore, Pakistan

- Led the redesign & front end development of Financial Lease Project (Ascent 2.0) & collaborated effectively with cross-functional teams to develop intuitive user flows, wireframes & hight fidelity mockups.
- Organized user research initiatives that informed the creation of user personas, directly impacting design strategies for Ascent 2.0 project.
- Mentored & led a team of 3 UI designers & developers, fostering innovation & ensuring alignment with business objectives.

Senior UI/UX Engineer

S&P Global | July 2011 - June 2021 | Islamabad, Pakistan

- Designed user interfaces for Market Intelligence platform & conducted extensive user research & usability testing as well as implemented workflow improvements for UX design processes.
- Developed wireframes & interactive prototypes for Market Intelligence new features, enhancing user experience & satisfaction ratings.
- Spearheaded the Investor Relations project team, delivering modern, high-fidelity mockups that redefined the brand's visual strategy.
- Collaborated with product managers to translate business requirements into seamless user experiences.

Graphics Lead - Team Lead

White Wings Consultants | April 2010 - June 2011 | Islamabad, Pakistan

- Assisted in the development of user personas & journey maps for money transfer system & aligning design initiatives with client needs.
- Spearheaded UI improvements across core product functionalities, optimizing user flows & elevating overall usability benchmarks.
- Participated in UX workshops to enhance collaboration between design & development teams, resulting in more cohesive project outcomes.
- Created detailed wireframes & prototypes that aided in securing stakeholder approval for major money transfer system product updates.

Graphics Lead - Team Lead

ESOLPK | October 2008 - September 2009 | Islamabad, Pakistan

- Assisted in the development of user personas & journey maps for multiple projects & aligning design initiatives with client needs.
- Spearheaded UI improvements across core product functionalities, optimizing user flows & elevating overall usability benchmarks.
- Participated in UX workshops to enhance collaboration between design & development teams, resulting in more cohesive project outcomes.
- Created detailed wireframes & prototypes that aided in securing stakeholder approval for major Dr. Sir product updates.

*I have worked with **Pi Sigma Group** & **Shifa College of Medicine** – to avoid a full laundry list above, I've kept it to last five work experiences.*

SKILLS

Expert in leading cross-functional sessions to define product vision, delivering wireframes at all fidelity levels, & creating high-impact prototypes. Strong background in front-end development & experienced in managing distributed teams with tools like Git, SVN, & TFS.

Software and technologies that I'm familiar with:

Figma | Adobe Creative Suite | CoralDraw | Visual Studio Code | HTML | CSS / SASS / SCSS | JavaScript / jQuery | Design Tokens & Systems

I have worked with many different prototyping tools, technologies & frameworks – to avoid a full laundry list above, I've kept it to just my favorites. If you use a different prototyping tool that works well in your established workflow, I would be happy to learn it.

KEY ACHIEVEMENTS

Awards, Employee Recognition

Recognized as Employee of the Year for three consecutive years (2017–2019). Awarded the Creative Collaborator Award in 2018 & won first place in the Logo & Poster Design Competitions in 2017.

Optimized Design Process

Streamlined the design process by implementing a new design system, reducing delivery times by 30% across departments.

Boosted User Engagement

Redesigned a core feature, resulting in a 30% increase in user engagement within one year.

Improved Team Productivity

Enhanced team productivity by 40% through strategic workflow adjustments & improved communication practices.

PROFESSIONAL TRAINING

Problem Solving & Decision Making

Lahore University of Management Sciences | March 2019 | Lahore, Pakistan

INTERESTS

Digital Innovation

Passionate about enhancing digital interfaces to create seamless & impactful user experiences.

Photography

Deep interest in exploring & capturing aesthetic visuals that tell unique stories.

User Experience Research

Focused on exploring & leveraging how design positively influences user behavior.

Travel

Enjoy exploring diverse cultures & gaining new perspectives through travel experiences.
