SUMMARY

Senior UI/UX and Product Design professional with 18+ years of experience across the full product lifecycle, from user research to delivery. Expertise in translating user insights into scalable design systems and front-end solutions using HTML, CSS, and JavaScript. Proven ability to lead cross-functional teams, manage complex projects, and deliver high-impact user experiences in fast-paced environments.

EXPERIENCE

User Experience Designer

S&P Global | October 2022 - Present | Dubai, UAE

- Research, analyse user requirements and redesigning the core components of Next-Gen of CIQPro desktop product and mobile app.
- Interface daily with product development team, acting as a customer advocate to maintain focus on the end-user in all aspects of product design.
- Work closely with team members on a daily basis and contribute to innovations in CIQPro desktop product and mobile app designs.
- Recognised by the management for ability to design a fresh outlook in Next-Gen of CIQPro desktop product.
- Designed, maintained, and expanded core components and design tokens for KOI, the company's proprietary design system.
- Designed 'ChatIQ,' an AI-driven conversational interface integrated directly into the CIQPro to enhance user data accessibility.

Principal UI/UX Engineer

Netsol Technologies | June 2021 - March 2022 | Lahore, Pakistan

- Led the redesign and front end development of Financial Lease Project (Ascent 2.0) and collaborated effectively with cross-functional teams to develop intuitive user flows, wireframes and high-fidelity mockups.
- Organized user research initiatives that informed the creation of user personas, directly impacting design strategies for Ascent 2.0 project.
- Mentored and led a team of 3 UI designers and developers, fostering innovation and ensuring alignment with business objectives.

Senior UI/UX Engineer

S&P Global | July 2011 - June 2021 | Islamabad, Pakistan

- Designed user interfaces for Market Intelligence platform and conducted extensive user research and usability testing as well as implemented workflow improvements for UX design processes.
- Developed wireframes and interactive prototypes for Market Intelligence new features, enhancing user experience and satisfaction ratings.
- Spearheaded the Investor Relations project team, delivering modern, high-fidelity mockups that redefined the brand's visual strategy.
- Collaborated with product managers to translate business requirements into seamless user experiences.

Graphics Lead - Team Lead

White Wings Consultants | April 2010 - June 2011 | Islamabad, Pakistan

- Assisted in the development of user personas and journey maps for money transfer system and aligning design initiatives with client needs.
- Spearheaded UI improvements across core product functionalities, optimizing user flows and elevating overall usability benchmarks.
- Participated in UX workshops to enhance collaboration between design and development teams, resulting in more cohesive project outcomes.
- Created detailed wireframes and prototypes that aided in securing stakeholder approval for major money transfer system product updates.

Graphics Lead - Team Lead

ESOLPK | October 2008 - September 2009 | Islamabad, Pakistan

- Assisted in the development of user personas and journey maps for multiple projects and aligning design initiatives with client needs.
- Spearheaded UI improvements across core product functionalities, optimizing user flows and elevating overall usability benchmarks.
- Participated in UX workshops to enhance collaboration between design and development teams, resulting in more cohesive project outcomes.
- Created detailed wireframes and prototypes that aided in securing stakeholder approval for major Dr. Sir product updates.

*I have worked with **Pi Sigma Group** and **Shifa College of Medicine** – to avoid a full laundry list above, I've kept it to last five work experiences.*

Kashif Jamal Ahmed

Senior UI/UX Designer | Product Designer | User Experience | User Interface Design

SKILLS

Expert in leading cross-functional sessions to define product vision, delivering wireframes at all fidelity levels, and creating high-impact prototypes. Strong background in front-end development and experienced in managing distributed teams with tools like Git, SVN, and TFS.

Software and technologies that I'm familiar with:

Figma | Adobe Creative Suite | CoralDraw | Visual Studio Code | HTML | CSS / SASS / SCSS | JavaScript / jQuery | Design Tokens and Systems

I have worked with many different prototyping tools, technologies and frameworks – to avoid a full laundry list above, I've kept it to just my favorites. If you use a different prototyping tool that works well in your established workflow, I would be happy to learn it.

KEY ACHIEVEMENTS

Awards, Employee Recognition

Recognized as Employee of the Year for three consecutive years (2017–2019). Awarded the Creative Collaborator Award in 2018 and won first place in the Logo and Poster Design Competitions in 2017.

Optimized Design Process

Streamlined the design process by implementing a new design system, reducing delivery times by 30% across departments.

Boosted User Engagement

Redesigned a core feature, resulting in a 30% increase in user engagement within one year.

Improved Team Productivity

Enhanced team productivity by 40% through strategic workflow adjustments and improved communication practices.

PROFESSIONAL TRAINING

Problem Solving and Decision Making

Lahore University of Management Sciences | March 2019 | Lahore, Pakistan

INTERESTS

Digital Innovation

Passionate about enhancing digital interfaces to create seamless and impactful user experiences.

Photography

Deep interest in exploring and capturing aesthetic visuals that tell unique stories.

User Experience Research

Focused on exploring and leveraging how design positively influences user behavior.

Travel

Enjoy exploring diverse cultures and gaining new perspectives through travel experiences.
