CONSENT FOR THE ADMINISTRATION OF PARACETAMOL

In the event that your child develops fever or has a pain and the school is unable to contact you, Paracetamol syrup or tablet (Panadol) will be administered to your child should it be considered necessary by the School Nurse/ School Doctor.

☐ I consent ☐ I do not consent

Name of Parent/Guardian: _____
Signature of parent/Guardian: _____ Date: _____

CONSENT FOR MEDICAL EXAMINATION

It is a requirement of the Dubai Health Authority that all children must have a comprehensive physical medical examination done for KG/ Foundation stage , Year 2 , Year 5 , Year 8 , Year 11 and new admissions. The School Doctor will be responsible in performing the physical medical examinations in the school. The comprehensive Physical medical examination includes the following but not limited to the measurement of height and weight, examination of ears, throat, heart, chest, lungs and abdomen, general appearance of the child and skin. Screening for hearing and vision, dental and scoliosis will be done .

No invasive procedure nor clinical test will be done in the school. If necessary, parents will be informed and referred to their clinic or hospital of choice for further evaluation and care.

Additional Health Education regarding Personal Hygiene, Nutrition, and Puberty (for year 5 and up) will be discussed accordingly during the medical examination, which are topics that are also required by the DHA.

Parents/ guardians will be informed of pertinent medical examination results .

If you do not consent to the medical being carried out in the school, you must have it done privately by your doctor and provide a medical report for your child's medical file.

☐ I consent ☐ I do not consent, I will send a Medical Report from our private Doctor

Name of Parent/Guardian: _____
Signature of parent/Guardian: _____ Date: _____

CONSENT FOR THE EMERGENCY TREATMENT

Important: In the event of an accident/emergency and the school is unable to contact you, your child will be taken to the Hospital. In the event of a serious emergency, your child will be conducted via Ambulance. Efforts to contact you will continue.

☐ I consent ☐ I do not consent

Name of Parent/Guardian: _____
Signature of parent/Guardian: _____ Date: _____

*Please note that all consent given are valid for the duration of time that your child attends GEMS Winchester School, Dubai.

Dear Parent,

Medical Advisory Notice - Control of infectious illness

Good health is crucial for your child to concentrate and function effectively at school. As an education provider to a large number of students, we have a duty of care to ensure all our learners are in a safe, clean environment at all times. In order to guarantee this, we have implemented an infection control procedure to reduce the risk of spreading infectious illnesses among students and staff. Kindly read through the following guidance in order to support us on this.

If your child has any of the following symptoms or a combination of these symptoms, please seek medical advice and ensure that they do not attend School until they have fully recovered from their illness. A Medical Clearance Certificate from their attending doctor will be required upon return to school on-site.

- ✚ **Fever (greater or equal to 37.5 C):** not to return to school until 24 hours after fever abates without taking anti-fever medicine
- ✚ **Vomiting , Persistent Nausea, and/or diarrhea:** not to return to school until 24 hours after the last episode
- ✚ **Continuous cough:** not to return to school until well
- ✚ **Runny nose, blocked nose, or nasal discharge:** not to return to school until well
- ✚ **Sore throat:** not to return to school until well
- ✚ **Skin rash:** not to return to school until rash disappears or heals over
- ✚ **Red eyes with discharge:** not to return to school until redness and discharge is gone
- ✚ **Open Infected wound:** please ensure that it receives treatment and is covered while in school
- ✚ **Head Lice:** not to return to school until treatment has commenced

If your child is assessed by the school medical team and thought to be a possible source of infection to other students and staff, we will contact you and arrange for you to collect them. You will be then be advised on what requirements are necessary upon your child's return to school on-site. Kindly comply with these requirements. These are non-negotiable and will be strictly implemented for the health and safety of everyone in the school.

Following recovery from any contagious or communicable disease, including the symptoms mentioned above, your child will be sent to the school clinic with his/her return to school documents, for a return to school assessment. Only when cleared from the clinic, will your child be allowed to sit in the classroom.

I have read and understood the **Medical Advisory Notice - Control of infectious illness.**
